NORTHWEST MARITIME CENTER &
WOODEN BOAT FOUNDATION

The Sea Connects Us All

Hello Rowers and Paddlers,

The Northwest Maritime Center has opened its doors to our brand new Boathouse for indoor, 24-hour access storage for your rowing shells, canoes, row boats and kayaks.

Our Boathouse storage facility, on the water adjacent to a public boat ramp and beach, includes a fresh-water wash-down station, access to restrooms including a changing area and hot showers, lockers and a gear storage (nominal extra fee) area.

We are reserving space on a first come first served basis. To get “in line” we have started a Boathouse Waiting List. Please take a look over our Boathouse Storage Rates. If you would like to join the waiting list, for a one-time fee of \$35, please mail a check with the waiting list application (at the bottom of this letter) filled out completely.

The Boathouse storage facility is for boaters who use their boats regularly. If you are only interested in a place to store your boat, and don’t plan on using it, this is not the proper venue.

You must be a Northwest Maritime Center member in order to rent storage space for your boat. If you rent for an entire year and pay in one payment the 12th month is free. Once your waiting list application is accepted we will send you a contract to be filled out with payment.

Please direct all Boathouse questions to Rob Sanderson, (360) 385-3628 x103 or rob@nwmartime.org.

We are excited about the new Boathouse and having you be a part of it to bring the space to life. Please let me know if you have any questions.

Sincerely,

Rob Sanderson
Waterfront Programs Manager
