# Letter from Executive Director & Board President

Greetings!

While it's hard to get the historical perspective of the moment you are in, our best guess is that 2014 will be looked back on as the dawning of a new era for the Northwest Maritime Center. In many ways 2014 was a year of solid execution. We continued to deliver great programs to more and more people: our youth programs had solid enrollment, adult programs thrived, the 38th Wooden Boat Festival was one of the best that any of us could remember.

On top of all that there were more than a few notable beginnings. 2014 saw the production of our first campus-wide program guide that for the first time gathered within one publication all of the classes and public programming that happens here. Whether the offerings were produced by us or another organization, we compiled it all for the ease and amazement of anyone who read it. There is a lot going on here at 431 Water Street, and we finally had a way to show it.

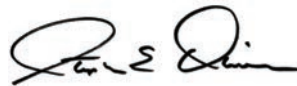

2014 saw the launch of the Race to Alaska and the hiring of a Project Director for Port Townsend Schools' Maritime Discovery program and the first year of work to transform our local schools into the first ever maritime themed school district. We have worked hand in hand with them for 2 years of concept development and fundraising, and seeing the work begin was a milestone for our mission to educate and engage people with the sea.

From a strictly numeric standpoint 2014 was the year when we burned the mortgage. Thanks to a gift from the Camilla Chandler Family Foundation that redefined generosity, as of last fall the Northwest Maritime Center successfully secured the remainder of the construction loans—leaving us effectively debt free. Better still, even outside of that dedicated gift, 2014's financial performance of our operations was the best we've ever had.

For both the mission and the finances, 2014 was a high water mark and while it might be hard to top, we haven't stopped striving and we're working hard to make 2015 just as noteworthy. Thank you for your part in making all of this success possible.

# School Programs

## Maritime Discovery Program

184 students from Blue Heron, Chimacum and Quilcene were exposed to the diversity of skills involved in the maritime realm during an intensive program of 7-8 days in length, where all 7th graders (and 8th graders from Quilcene as well) came to the Northwest Maritime Center every day for the full school day.

Blue Heron: 75 (7th grade)

Chimacum: 78 (7th grade)

Quilcene: 31 (7th and 8th grades)

**8,640 Total Program Hours**

QUOTE FROM CHIMACUM STUDENT

*"My favorite part was when we were out on the water, because we got hands-on learning and experience. I learned that it can be hard to cooperate and listen to everyone, but it is more fun when you do and to work together to get the boat moving."*

## In-School Programs In Partnership

### **GIRLS BOAT PROJECT**

---

7 students one day a week for 1 hour

### **BRAVO TEAM**

# Wooden Boat Foundation Boatshop

The boatshop is where visitors can see, hear, smell and feel the magic of traditional boatbuilding, and where people passionate about making their own kayak, dinghy or wherry can build their own under the guidance of master shipwrights from Port Townsend and beyond.

**8 Build Your Own, Pygmy, Chesapeake Light Craft, Scamp, Cape Falcon Kayak Classes**

**1200 Volunteer Hours**

**13 Boats Built, Repaired, or Maintained**

The Wooden Boat Foundation Boatshop is a hub of activity year-round. NWMC staff work with a cadre of dedicated volunteers to maintain our fleet, as well as assist instructors from other companies who offer boatbuilding classes for all abilities in all kinds of watercraft – sailboats, stitch & glue plywood kayaks, Scamps, surfboards and more.

***"First off I wanted to thank you for getting Craig and me HOOKED! on sailing. We have just finished a major refit on our 31' sailboat Salal and I just finished with the last of the electronics. Also this fall I am going to be looking for an apprenticeship in Vancouver as a shipwright! That first day when you took us out I guess you were right when you said we are going to be hooked for life!"***

# Volunteer of the Year

## Captain John “Sugar” Flanagan

From February through early June, High School Sailing Coach John “Sugar” Flanagan coaches two practices a week (in all weather), plus takes the team to 8-10 weekend regattas per season—often providing housing for them aboard his schooner Alcione to make it affordable for the team to travel. From meals to transportation, wetsuits to safety boats, the team’s needs are coordinated with good humor by Sugar and his wife Leslie McNish. Asked about his involvement with the sailing team and the countless hours he puts in, Sugar said, “In 2006 a group of sailing-oriented parents and community members got together and decided that Port Townsend should have a high school sailing team again. Nine years later I’m still messing about with high school sailing. It has been a blast watching these kids mature into really good sailors that can take their sailing skills and perhaps even passion for sailing and enjoy the use of them for the rest of their lives.” In addition to his sailing and coaching prowess, Sugar is a well-respected shipwright, and his skills help keep the Vanguard fleet in good repair. The NWMC is delighted to honor Sugar as our 2014 Volunteer of the Year.

*"To some, scholarships may be just financial aid but in our case it has been SO MUCH MORE! Your camps, staff and environment you hold our youth in is truly the best I have seen! Thank you so much for the opportunity for my daughters to attend camp. And thank you so much for your thoughtful selection of staff! You are helping to develop an outstanding community!"*
